Advice to be read before having a pain relief procedure

The following information has been produced to ensure that you are able to have your pain relief procedure. It is essential that you read and follow the advice given below before you come to the hospital. **If you do not follow the advice you may not be able to have your treatment.**

Please contact the Pain Clinic if any of the following apply to you:

- You are diabetic and take medication to control your diabetes.
- You have recently had an admission to hospital.
- You have tested positive for MRSA.
- You have an infection and are currently taking antibiotics.
- You think you may be pregnant.

If you take Warfarin, Marevan, Clopidogrel, Plavix, Persantin Retard, Sinthrome or Assantin Retard, please notify the Pain Clinic at least 10 days before your appointment.

You may have to wait a while before your procedure, so please bring something to read or do to keep yourself occupied.

Please leave any valuables or jewellery at home.

It is essential that after the procedure you arrange for an adult friend or relative to collect you by car or taxi. You will not be able to use the bus or train to travel home.

Hospital transport may be available if there is a medical need. If you think you may be eligible please contact the Pain Clinic.

If you have any questions about this information or your treatment, please contact the Pain Clinic on **01223 217796** between 8.30am and 4.30pm.
